13 Witches who, faced with the twists and turns of life, use mystery, naughtiness, courage, revenge, glib tongues, cheek, irony, frivolity and witchcraft better than anyone else. Mischievous, hated, persecuted, ahead of their time... whatever the case, they left behind them clear traces of their uneasy, profound passage, still visible in our own days. These thirteen stories are a voyage through time from the 15th to the 21st century in which the rudder of bewitchment steers readers through five continents. Readers will be unable to avoid desire and empathy for the characters, and even come to love them and understand the actions of these Misunderstood Belles Dames.
