This is the story of how a girl-rat and a boy-chicken ended up in a great big mess through no fault of their own. Well, they may have had a teeny bit to do with it after all because, she did help an eye - a very big eye - out of a jam and in the end one thing led to another and they ended up on an island full of mythological creatures. You know, the kind with three heads or half-serpent half whatever. Total nonsense, for sure, but at least as much fun as flying on a griffin - and, yes, I am talking about the mythological beast. Right then, now you know. An exciting and surprising voyage to an island inhabited by beings from Greek mythology.
